First Annual Boy Scout Auction

As a fellow volunteer for the Rainbow Council, I want to make you aware of an exciting event that will be held April 9th at Jennifer's Garden in Morris, Illinois. That evening, our group will be holding the First Annual Boy Scout Auction – all proceeds will go to our many projects for the benefit of scouting.

Scouting volunteers are gifted people with many abilities. – If you have a hobby or make different craft items. I need your help. Please consider donating an item to our silent auction. We will recognize you for your contribution and if you would like, we will promote your business.

We would like to secure a minimum of 200 silent auction items and 20 live auction items... with your help that will be easily attainable.

If you do not have a hobby or home craft items I have attached a list of other suggested items we are looking for.

Please feel free to contact me at any time – I can be reached at (815) 474-1376 (cell) or (815) 585-4938 (work).

Thank you.
Rich Mitchell

Tour Permit Change

Effective March 1, 2011, what are currently known as local and national tour permits will be superseded by what will be called the tour plan. ***The online tour permit system will be suspended.** This update is the accumulation of work by a cross-functional team of volunteers and staff including the Health and Safety Support Committee, Council Solutions, Outdoor Program Group, and Risk Management Advisory Panels. Units complete this form when planning for local, national, or international adventure. The plan helps ensure the unit is properly prepared, that qualified and trained leadership is in place, and that the right equipment is available for the adventure.

The tour plan consists of a tour planning worksheet to be completed by the unit/contingent. It is retained by the council and a tour plan is returned to the unit after processing.

There is a 21-day advance notice requested for units to submit the plan for review.

Defined reasons/times when a tour plan must be submitted for council review:

- a. Trips of 500 miles or more
- b. Trips outside of council borders not to a council-owned property
- c. Trips to any national high-adventure base, national Scout jamboree, National Order of the Arrow Conference, or regionally sponsored event
- d. When conducting the following activities in council but **outside of council or district events:**

- Aquatics activities (swimming, boating, floating, scuba, etc.)
- Climbing and rappelling
- Orientation flights (process flying plan)
- Shooting sports
- Any activities involving motorized vehicles as part of the program (snowmobiles, boating, etc.)

The following two links will get you to the new tour plan and FAQ's. Do not hesitate to call the council service center with any questions regarding this new tour plan.

New Health Forms

The Annual Health and Medical Record has been updated for 2011 see the following for helpful information for this transition.

The Annual Health and Medical Record is required for participation in all Scouting events, including day and resident camps and high-adventure bases. It should be updated no less than annually.

Highlights/changes with the 2011 update:

The record now lives on an interactive web page on Scouting Safely. Scouts, Scouters, parents and staff can download, fill in, and print it on standard paper, and can save an electronic copy for their personal files. The link is now live at <http://www.scouting.org/scoutsource/HealthandSafety/ahmr.aspx> .

Parts A and B-the health history and release statement-will be utilized the most.

Part C is the physical exam.

Part D is a review piece for participants attending any of the national high-adventure bases.

Journey To Excellence Service Hours

You can now enter your service hours at scouting.org/awards/journeytoexcellence. Users of www.goodturnforamerica will be redirected to the Journey to Excellence page.

Note: For events listed as outdoors or partially outdoors please make sure your Scout(s) dressed appropriately for the weather.

If you or your unit is interested in upcoming events or would like additional information please email the Rainbow Council Conservation Committee @ rainbowconservation@hotmail.com

The Average person drives 12,000 miles each year!! Besides burning limited fossil fuels cars also expel harmful emissions. Do you part to reduce your carbon footprint! If you live near other Scouts in your troop think about setting up a carpool each week to reduce the number of vehicles needed to get the Unit together.

Disaster Preparedness Series

Disaster Preparedness Series Storm Chaser, Eddy Weiss is coming to a city near you, and you are not going to want to miss it! "Be Prepared" has been the motto for Boy Scouts since 1910, and with so many recent natural disasters, teaching our Scouts the skills needed to be prepared is as important as ever. Rainbow Council has teamed up with the weather education organization Chasing 4 Life to hold a series of events to teach your Scouts all they need to know during severe weather and other disasters.

Throughout the year, Eddy Weiss will be traveling to Joliet, New Lenox, Morris, and Kankakee, spreading his message about weather and being prepared for anything through a series of 10 fun sessions! Scouts and parents alike love his interactive speaking style and the way he relates to young people. Don't miss out!!!
